

Mission UHTS (Universal Healing Tao System) –Be in touch with Source

Dear

Thank you again for responding and communicated to me your e-mail and therefore beginning the process in our orbital network communication.

I look forward in the coming weeks to share and collaborate with you around the Mission-Vision 2012 as well as the important upcoming Continental EIR event 2008 in France.

First I like to share with you some actions, changes and results that were created in the Mission-Vision 2012 process:

- 01 We have sent out to all European Instructors a invitation to the EIR meeting in Melun (near Paris)
- 02 We have now lots of instructors that have not received this letter (no address, no e-mail, not active)
- 03 We have created on our website the following new items for instructors:
 - a) possibility for instructors to change their own profile (please try this out for yourself! If you need a new password? Ask by e-mail to mcsecretary@universal-tao.com for a password.
 - b) new certification requirements with status and certification keys
 - c) new certificates and instructor agreements
 - d) downloads for instructors ([please visit the website and look at all those downloads](#))
- 04 New passports (for new students to record their trainings within the Universal Healing Tao System)
- 05 A continental orbital Network meeting is taking place in January 26th/27th 2008 in Tao Garden with the goal to finalize the Mission-Vision 2012 Process and then to communicate and implement it throughout the year 2008, culminating in our EIR-Meeting of all active European instructors.
- 06 By November 30th the whole European Instructor Database will be newly created and only instructors that have **registered BY MAIL with Jutta Kellenberger** and who are either coming or are supported by another instructor will be listed in the future WUHTIF Database.
- 07 New win-win benefit list between Universal Healing Tao Center, Tao Garden and instructors (see Mission – Vision downloads)

In order to go ahead in our collaboration I would need to know from you if you have any questions to Nr.01-06 above. If you do then please e-mail as soon as possible or ask me to call you (please give me your phone number and the best time to reach you) to clarify any point for and with you.

I look forward reading or hearing from you soon.

Continental Network Coordinator

Senior Instructor Walter Kellenberger
