

## Dear European Instructors

Welcome and thank you for your active participation in step 02 in co-creating the largest gathering of Universal Healing Tao European Instructors.

In this step 02 we like to hear your ideas, wishes and hopes for the meeting. The following "stage events" will take place within those 2 days:

- Large Forum Events (Master Chia and all instructors are present)
- Platforms (Senior Instructors present topics to Instructors)
- Mini-Offerings (Instructors present topics to small I. groups)

We like you to feel that this gathering with so many instructors is also a great opportunity for you to share / try out / experiment and/or getting some feedback from fellow instructors to your topics or what you consider important to be added / changed in the near future in the Universal Healing Tao System in order to be passed down to future generations. Please take your chance now! We look very much forward receiving your input. Thank you.
